Philips
Pressurised ironing system

GC7220

Faster ironing - from start to finish

Pressurised steam power with fast-fill water tank

Created to speed up ironing from start to finish, GC7220 is ready to use in 2 minutes. Pressurized steam power speeds up ironing by penetrating deeper into fabric and the extra-large water-filling funnel allows fast & easy refills anytime.

Smooth gliding
- SteamGlide soleplate for powerful steam and superb gliding

Reaches into tricky areas
- Steam Tip lets you iron right into hard-to-reach areas

Fast and powerful ironing
- Up to 3.5 bars of steam pressure for fast ironing
- Ready to use in 2 minutes
- Continuous steam up to 80g/min
- Water-filling funnel allows fast & easy refills anytime

Comfortable ironing
- Steam trigger lock gives steam without needing to press down

PHILIPS
sense and simplicity

Pressurised ironing system

GC7220

Specifications

Longer lifetime
- Inox boiler with external heating element: Anti-corrosion steam chamber
- Calc clean: Simply rinse the boiler every 10 ironing sessions

Easily removes creases
- Optimal vent pattern: For the best steam distribution
- Continuous vertical steam: For hanging fabrics

Reaches into tricky areas
- Button groove: Speeds up ironing along buttons and seams

Comfortable ironing
- Steam trigger lock: Gives steam without needing to press down
- Extra long hose for maximum reach: 1.7 m
- Extra-long cord for maximum reach: 2.0 m
- Suitable for tap water

Easy set up and Storage
- Cord & Hose storage cap: Allows for quick & easy storage of cord and hose

Safe ironing
- Overheat safety stop: Prevents the boiler from overheating
- Four rubber feet: Ensure the stand does not slip
- Stable heel rest: Keeps the iron stable when standing

Full control
- Iron temperature ready light

Technical Specifications
- Frequency: 50-60 Hz
- Voltage: 230 V
- Iron wattage: 800 W
- Boiler wattage: 1400 W

Weight and dimensions
- Dimensions: 429x400x206 mm
- Weight (incl. packaging): 6.1 kg
- Pallet: 254 (Europallet) ; 399 (ROW) pcs

Product highlights

Steam Tip
The unique Steam Tip combines a particularly pointed front of the soleplate with special steam slots in the tip to reach right into the smallest and most difficult areas for the best ironing results.

Up to 3.5 bars of steam pressure
Thanks to the high pressure, the steam penetrates deep into fabrics, giving exceptionally fast results, even on difficult fabrics

Quick start-up
When switched ON, the ironing system is ready for steam ironing in just 2 minutes.

Continuous steam up to 80g/min
Continuous steam up to 80g/min helps to efficiently remove all creases

Extra-large water-filling funnel
Filling your iron's water tank has never been faster or easier. Simply open the easy-access lid and pour in the water. The large, funnel-like opening ensures quick, convenient filling without the risk of spillage. And water can be added anytime - before, during or after an ironing session - without having to wait for the iron to cool down.

Steam trigger lock
The steam trigger lock allows a user the possibility to have continuous steaming of the iron without having to press the trigger continuously.

SteamGlide Soleplate
This specially designed soleplate combines superior ceramic coating for superior gliding on all fabrics and carefully designed vents for powerful crease removal.
